Roberta Andreani concentrates her practice on Energy and Natural Resources, particularly renewable energy projects and energy transition matters.

In the Projects area, she has experience advising local and foreign clients in M&A transactions, reviewing contracts such as joint ventures, EPC, O&M, and PPA, and in several matters related to the development, financing, construction, and operation of energy, mining, and infrastructure projects.

Roberta is also part of the Regulatory Markets area, advising clients on general electrical, environmental, and regulatory matters in telecommunications, mining, construction, infrastructure, transportation, food, beverage, chemical, and pharmaceutical sectors.

## EXPERIENCE

### Employment History

- Associate, 2018 to date

### Experience

- **Blue Elephant Energy GmbH:** Advised Blue Elephant Energy AG, a private investment fund focused on investments for the energy transition, directly and in a joint venture with local developer Energy Capital, in the acquisition of a portfolio of 120 MW solar projects, consisting of 20 PMGD and PMG photovoltaic projects, most of them in operation phase and others about to operate, located in the regions of Coquimbo, Valparaíso, Metropolitana, O'Higgins, Maule, and Ñuble. We also advised formalizing the same joint venture between Blue Elephant and oEnergy.
- **CarbonFree Technology Inc:** The Firm has been actively advising the client during all stages of the development of photovoltaic power plants, from the due diligence processes in a greenfield stage until the acquisition, execution of the EPC and O&M agreement, and the operation stage of the power plants. We have performed due diligence on over 60 projects and counseled the client in acquiring more than 40 power photovoltaic plants in the last years, many of which are now operating.
- **SUSI Partners A.G.:** We advised the client, a Swiss energy transition fund that conducts sustainable energy infrastructure investments, in the execution of a Framework Agreement with Biwo Renovables S.A. for the purchase, development, construction, operation, and maintenance of a portfolio of power plants, including PV solar and wind power plants, for approximately 243.6 MW in total capacity.
- **BEE SUDAMERICA S.L.:** Legal advice in formalizing a joint venture between Blue Elephant and oEnergy for the development, construction, financing, debt
